

Youth Visitors

As a visitor your child is welcome to attend section meetings for 2 – 3 weeks to help them experience the Scout program.

At the initial visit, parents are required to complete a Y4 Prospective Youth Member Form ... this doesn't equal registration, or, require any payment. This provides the Section Leaders with important contact details and basic health details in case of an emergency. This Y4 Form will also help provide Scouts Victoria Personal Accident Insurance Policy cover for your child/ren while they are visiting weekly nights and/or participating in excursions, camp and/or adventure activities as a prospective youth member.

It is expected that after 2 – 3 weeks that your child, as well as yourselves, will be in a position to decide if your child wishes to join as a Youth Member. Should your child wish to join as a Youth Member, you will receive an email where the process of full registration and payment will begin.
